Grade

A to E

The capital letter reflects the position in Covalence EthicalQuote Ranking. It is a measure of reputation.

a to e

The small letter expresses the rank in the lowest dimension. It is an indication of risk.

The gap between B and e can be interpreted as a lack of consistency of the company's ESG performance; a grade of Aa shows good reputation and consistency.

+/-

Upwards / downwards. Indication of trend based on 12 months moving averages. The +/- sign is given by aggregating trends calculated for EthicalQuote and the 7 dimensions.

Ranking

Covalence EthicalQuote Ranking combines the EthicalQuote score (measure of popularity) and the scores calculated in each dimension (measure of diversified performance)
